

# ClickShare CX-30

Wireless conferencing system for small to medium-sized meeting rooms

- **Interactive features: touchback, annotation and blackboarding**
- **Enhanced collaboration with 2 sources on screen**
- **Run video meetings from your laptop with Button or App**
- **Secure and cloud-managed**

ClickShare CX-30 enables wireless conferencing in medium-sized meeting spaces. When you walk into the meeting room, ClickShare automatically connects you to room devices like cameras, mics, speakers, sound bars and displays.

Start a meeting from your laptop within seconds, using your preferred video conferencing platform. Make hybrid meetings easy, with just one click on the ClickShare Button or the ClickShare App, both for employees and guests.

## Product specifications

## CLICKSHARE CX-30

### General Specifications

|                                          |                                                                                                                                                                                                                                                                                                                                                                           |
